A Little About Beach Road Bakehouse

When we opened Beach Road Bakehouse in June 2025, my aim was simple: to continue supplying St Bees with our homemade bakes, as we had done for years before, and to create a welcoming place where people could enjoy good homemade food, great coffee and a proper Cumbrian welcome, all overlooking the beautiful coast of St Bees.

I'm incredibly proud of how far we've come. Never in my wildest dreams did I imagine that the opportunity to run a café in this location would become available. From our hearty breakfasts and lunches to homemade cakes and freshly baked bread, everything we do is built around a genuine love for what we do, quality produce and supporting local businesses.

We've grown from our 'little' café and store into producing our own breads and, in March 2026, we were delighted to open our sister business, Haig Pit Bakehouse at Kells.

I believe in keeping things local, supporting independent suppliers and creating food that people genuinely love. But more than that, I want every visit to be a real experience.

Thank you to everyone who has supported me and the team on this journey. It really does mean so much. The community around St Bees is fantastic to be a part of. Here's to good food, great people and plenty more exciting things to come! Gina

For the smaller appetite
